3. (1) An authorised officer may require the owner or driver of a motor vehicle or other person in control or in charge of a motor vehicle to move it or cause it to be moved to a place of safety where the motor vehicle—

(a) has broken down or has been permitted to remain at rest on a road in contravention of the Act; or

(b) has been permitted to remain at rest on a reserve in a position or in such a condition or in such circumstances as to appear to an authorised officer to be likely to cause danger to persons using the road or to cause obstruction to those persons.

(2) Where the motor vehicle referred to in sub-regulation (1) cannot be moved under its own power by reason of the driver not being present, or because of a mechanical failure in some part of it, or for any other reason, an authorised officer may remove the vehicle, or arrange for its removal, from that road or road reserve to a place of safety.

(3) A person who contravenes this regulation commits an offence.

4. An owner of a motor vehicle which has been removed, or in respect of which arrangements have been made for the removal, by an authorised officer, shall pay the expenses for the removal and storage set out in the Schedule.

Expenses for removal and storage

5. For the purposes of regulation 6, a motor vehicle is abandoned if—

Deeming vehicle to have been abandoned

(a) after being examined by a vehicle examiner, it is not taken away by the owner from the place where it was examined within seven days of the examination; or

(b) after having been taken to a place of safety in accordance with regulation 3, it is not collected by or on behalf of the owner within seven days of its being taken to the place of safety.

6. (1) An appropriate authority may sell or dispose of an abandoned motor vehicle in accordance with these Regulations.

Disposal of abandoned motor vehicle

7. (1) An appropriate authority shall, before selling an abandoned motor vehicle—

Tracing owner of motor vehicle

(2) An appropriate authority may, where the owner of an abandoned motor vehicle cannot be found, publish the notice of the sale of the motor vehicle referred to in subsection (1) (b), once in the *Gazette* and a daily newspaper of general circulation in Zambia.

- (b) pays the removal and storage expenses set out in the Schedule.

When inquiry is not necessary

10. (1) Where the owner does not claim the motor vehicle or has claimed the motor vehicle but fails to pay the expenses incurred in moving and storing the vehicle, the appropriate authority may offer the vehicle for sale by public auction.

(3) Where an abandoned motor vehicle is sold under these Regulations, the appropriate authority shall, after deducting the removal and storage expenses and any other costs incidental to the disposal of the abandoned motor vehicle, pay the balance to the owner within one year from the date of the sale of the abandoned motor vehicle.
