**Zambia Electricity Supply Corporation Limited****Tender: ZESCO/109/2020: Expression of Interest for Provision of Consulting Services as Owner's Engineer for Rehabilitation and Extension of Chishimba Falls Hydro Power Station**

ZESCO intends to engage a consultant to provide consultancy services for the construction supervision on the rehabilitation and up-rating of Chishimba Falls Hydropower Station.

ZESCO Limited now invites sealed expressions of interest for consulting services for a as owner's engineer for rehabilitation and extension of the Chishimba Falls Hydro Power Station.

*Brief description of the project, the context, time schedule and further information*

The Chishimba Falls Hydropower Project is situated in Northern Zambia, located on the Luombe River approximately 35km West of the town of Kasama in Northern Province.

The existing Chishimba Falls Hydropower Plant, with its initial construction in 1959 is at the end of its lifetime. The project of rehabilitation and uprating consists mainly of retirement of station A and turning the same to a museum, complete rehabilitation of station B installations as further stated below with new E&M Equipment and rehabilitated and adopted civil structures of the B waterway and an enlargement of the entire facility with a brand new station C of approximately 10+5 MW in the immediate vicinity to the existing power stations A+B, housing the new Turbine/Generator for B.

Two high voltage switchyard 66 kV and 33kV will be constructed next to the powerhouse and the transmission line connects the Chishimba HPP to the existing Kasama Substation. At a design water level of 20,9m<sup>3</sup>/s the new Chishimba HPP will have a mean total annual energy production of 73 GWh.

*Scope of Consulting Services*

- The requested services of Consultant who is to act in the capacity of the Owner's Engineer shall comprise all relevant professional activities for the preparation and supervision of the implementation of the project.

The Consulting services shall be performed in Zambia over an estimated period of about 60 months including a partial presence during a Defects Liability Period for a period of 24 months (the actual tentative DLP will be decided and fixed in the RfP only are considered important).

The tentative scope of services envisaged comprises all conventional engineering activities related to the implementation progress, among others, the following:

- Review and update of existing bidding documents for two lots (civil works and Equipment) and adaption to the new KfW Standard bidding documents (currently) based on the FIDIC Yellow Book) in consultation with ZESCO procurement until approvals and no-objections are obtained;
- The adaption of the Contract Condition to another FIDIC Book maybe decided at a later Stage;
- Support in the entire procurement process through ZESCO;
- Pro-active project- and contract management for works, goods and services, supervision of engineering, procurement and construction of Power Plant and associated works on a continuous manner;
- Financial cost control and project audits during the implementation as well as statutory reports;
- Update of ESIA and preparation of complementary ESIA gap-closing documentation including field work for gap

closure and including preparation of a comprehensive ESMP covering all project phases and, at a later stage, supervision of adherence to environmental and social safeguards principles in accordance with the requirements of KfW's Sustainability Guideline and there with International Environmental and Social Safeguards, such as WB, ESSs, World Bank Group's Environmental and Health and safety Guidelines including: General EHS Guidelines, EHS Guidelines on Electric Power Transmission and Distribution, ILO Core Labour Standards and any other of the Industry Sector EHS Guidelines as applicable. Adherence will be tracked e.g. by approving the Contractor's Construction ESMP, by supervision of diligent implementation of Construction ESMP, by advising the PEA regarding diligent implementation of PEA responsibilities under the ESMP; and

- Through ZESCO, maintain contacts and provide project status information to external stakeholders such as the Heritage Conservation Commission or Ministry in charge for Tourism.

Due to the nature of the project and in relation with consultancy activities (rehabilitation and upgradation of an existing hydropower stations and network intergration, plus E&S gap closing studies), a wide variety of staff inputs will be required.

Bidding will be through open international bidding procedures specified in the Public Procurement Act of 2008 and the Public Procurement Regulations of 2011.
