

GOVERNMENT OF ZAMBIA

STATUTORY INSTRUMENT NO. 36 OF 2014

**The Town and Country Planning Act
(Laws, Volume 16, Cap. 283)**

**The Town and Country Planning
(Application) Order, 2014**

IN EXERCISE of the powers contained in section *three* of the Town and Country Planning Act, the following Order is hereby made:

1. This Order may be cited as the Town and Country Planning (Application) Order, 2014.

Title

2. The Act applies to the areas within the boundaries of the districts described in the Schedule.

Application
of Act

SCHEDULE

(Paragraph 2)

CHIPILI DISTRICT

Starting at the confluence of Chibalashi River and Bululu Stream, the boundary follows Chibalashi River north-eastwards to its confluence with Milonge Stream; thence on a bearing of 78 degrees north-eastwards for a distance approximately 5 kilometers; thence on a bearing of 90 degrees eastwards along the ungazetted road for a distance approximately 1.9 kilometers; thence on a bearing of 115 degrees south-eastwards along the ungazetted road for a distance approximately 1.4 kilometers to its road junction with another ungazetted road; thence southwards along the ungazetted road for a distance approximately 4 kilometers to the source of an unnamed stream; thence down the unnamed stream to its confluence with Chiwowo River; thence on a bearing of 304 degrees north-westwards in straight line for a distance approximately 15.8 kilometers to a point on the confluence of Chibalashi River and Bululu Stream, the point of starting.

All bearings and distances are approximate. Bearings are taken from Grid North. The above described area in extent 9,608 hectares is shown in Green on Plan No. CHIP/T/001 deposited in the Office of the Surveyor General, signed by the Surveyor General and dated 7th October, 2013.

CHEMBE DISTRICT

Starting at a point on the Zambia DR Congo international boundary, the boundary follows Ngo River in a generally north-easterly direction crossing the Road M3 (Chembe - Mansa Road) to its confluence with Mapala Stream; thence up Mapala Stream to its confluence with an unnamed stream; thence up the unnamed stream in an easterly direction to its source; thence it proceeds in the same direction to a point on the Mapama Stream; thence down Mapama Stream to its confluence with Lwila River; thence down Lwila river in a generally southerly

direction to its confluence with the Lwela River; thence down Lwela River in southerly direction to its confluence with the Luapula River; thence to a point on the Zambia DR Congo international boundary, the point of starting.

All bearings and distances are approximate. Bearings are taken from Grid North. The described area in extent 12,439 hectares approximately is shown bordered green on plan No. CHEM/T/001, deposited in the office of the Surveyor General, signed by the Surveyor General and dated 7th October, 2013.

MWANSABOMBWE DISTRICT

Starting at a point on the Kafuma River, where the Road D79 crosses Kafuma River, the boundary follows Kafuma River down stream in a southerly direction to its confluence with Kapandula Stream; thence southwards up Kapandula Stream for a distance approximately 3 kilometers to its confluence with an unnamed stream; thence westwards in straight line for a distance approximately 1.8 kilometres to the source of Mulele Stream; thence down Mulele Stream to a point on the Road D79; thence north-westwards along the Road D79 for a distance approximately 7.5 kilometers to a point on the Kafuma River, where the Road D79 crosses Kafuma River, the point of starting.

All bearings and distances are approximate. Bearings are taken from Grid North. The above described area in extent 6,250 hectares is shown in Green on Plan No. Mwans/T/001 deposited in the Office of the Surveyor General, signed by the Surveyor General dated 7th October, 2013.

IKELENG'E DISTRICT

Starting at a point on the Kaswasa Stream, the boundary proceeds in a north-westerly direction on a bearing of 337 degrees for a distance approximately 4.2 Kilometers; thence on a bearing of 358 degrees for a distance approximately 28 Kilometres; thence on a bearing of 58 degrees northeastwards for a distance approximately 6.7 Kilometres; thence on bearing of 93 degrees eastwards for a distance approximately 1.7 Kilometers; thence on a bearing of 103 degrees in a generally eastern direction for a distance approximately 1.2 Kilometers; thence on a bearing of 122.5 degrees in a south-easterly direction for a distance approximately 2.3 Kilometers; thence on a bearing of 147 degrees southwards for a distance approximately 0.8 Kilometers; thence on a bearing of 188 degrees for a distance approximately 0.85 Kilometers; thence on a bearing of 159 degrees southwards for a distance approximately 3 Kilometers to the Road Junction of T5 and (D282) Ikelenge - Mwaezhi Road; thence on a bearing of 206 degrees in a southwesterly direction for a distance approximately 1.2 Kilometers; thence on a bearing of 151 degrees along the western side of the road T5 for a distance approximately 1.7 Kilometers; thence on a bearing of 234 degrees in a westerly direction for a distance approximately 5.7 Kilometers; thence on a bearing of 337 degrees in a north-easterly direction for a distance approximately 0.35 Kilometers to Kaswasa Stream, the point of starting.

All bearings and distances are approximate. Bearings are taken from Grid North. The described area in extent 6,413 hectares approximately is shown bordered green on Plan No. IKE/T/001, deposited in the office of the Surveyor-General, signed by the Surveyor-General and dated 7th October, 2013.
